# What Is A Non Fungible Token NFT ?

A Non-fungible Token (NFT) is a unique digital asset. It includes an image, video, access key, lottery ticket, numbered seat, in-game item, or collectible existing on the blockchain network. It is essentially a certificate that provides the authenticity and ownership for a tangible or non-tangible thing using a particular entity. An NFT can be bought, sold, and traded on a marketplace without an intermediary. NFTs have no innate value, but the buying and selling parties define their worth

# Discover Digital Art & Collect **NFTs**

Non-fungible tokens (NFTs) have received a great deal of media attention and are gaining popularity. NFTs are fledgling, unique, and blockchain-enabled cryptographic digital assets that represent objects such as artworks, music, collectibles, and in-game items. NFTs allow for new ways to consolidate, manage, code, transfer, and store digital materials. Despite the significant potential impact on present decentralized marketplaces and future commercial opportunities, research on NFTs is relatively limited.

## Create Your Collection

**Collect digital  
rare art and  
discover NFT's.**

Digital marketplace for cryptocurrency collectibles and non-fungible tokens. Buy, sell and discover exclusive digital art.

ZORO NFTs

# Enter The New World of Digital Art

## 01. Multi-Model NFTs

The Zoro NFT Marketplace provides you with the opportunity to create (mint), sell, purchase, bid on, collect, trade, showcase and otherwise transact digital blockchain collectibles, which may be represented as a non-fungible token ("NFT") linked with certain digital media and art ("NFT Media").

## 02. Art -Space Series

We collect revenue on the Zoro NFT Marketplace via transaction fees and other applicable fees which we display when you interact with the Zoro NFT Marketplace. For the avoidance of doubt, including in connection with any auctions or other purchase methods.

About Zoro NFTs

# Create and sell your NFTs

Let's have a look at how to set up MetaMask so you can buy NFTs on Zoro marketplaces.

01

## Set Up Your Wallet

It's simple to deposit BUSD into your account if you've set up MetaMask. Copy your MetaMask public address. Load BUSD

Continue to the next step and confirm the transfer.

02

## Creat Your Collection

Buying NFTs (non-fungible tokens) is a fantastic way to invest in digital assets and financially support artists. A lot of NFTs also give you usage rights to create derivatives

## Add Your NFTs

---

You can buy Zoro fantastic NFTs and start collecting now that your funds are available for use on Zoronft.io or OpenSea. If you want a AI Men, you can purchase one from the Zoro official collection.

03

About NFTs

# Create and sell your NFTs

## Sell Your NFTs

---

To put an existing NFT on the market, go to your Profile and click on the desired NFT. Then select the blue Sell button at the top right of the screen. Pick Fixed Price if you would like to sell it for a specific amount or pick Timed Auction if you want people to bid on your NFT.

04
